White Plains, New York 10601

Re: Former Magna Metals Site
Furnace Dock Road
Cortlandt, New York

Dear Marc:

Baker is in receipt of AKRF's request to perform indoor air and soil vapor sampling at the former Magna Metals site in Cortlandt, New York during the 2007-08 heating season. Baker will provide access to the property, building, and tenants based on the following conditions and understandings:

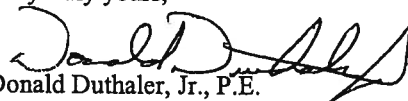

1. Baker has contacted the tenants and they have verbally agreed to permit access to their spaces on Wednesday, February 20, 2008 and Thursday, February 21, 2008. Baker will work to obtain access to the individual tenant spaces and to obtain the cooperation of the tenants in accordance with their respective leases; however, Baker cannot guaranty that the tenants will provide access to their spaces and cooperate with the investigations.
2. A minimum of 8 hours sampling time will be utilized for ambient air samples. Please note that the Brooks Organization/IPS has agreed to arrive at 8:30 am and stay until 4:30 pm to accommodate this timeframe. AKRF should adjust their staffing and sampling schedule to accommodate Brooks' time limitations.
3. Ambient air quality samples will be collected using 6 liter Summa canisters.
4. Sampling will be conducted so that a minimum detection limit of 0.25 micrograms per liter is achieved for all samples.
5. The indoor air quality sample to be collected in the Polymedco space (AA-10) will be relocated to the storage area in the southeast of the office area.
6. The duplicate ambient air sample will be collected in the southeast end of Polymedco's space.
7. All investigation-derived wastes shall be removed from the site immediately upon completion of each day's work during field sampling activities.
8. Baker reserves the right to have our environmental consultant on-site during the assessment program.
9. Baker and its consultant, ERM, shall be copied on all future project correspondence and submittals with the NYSDEC and NYSDOH.
10. Copies of the sampling report as submitted to the NYSDEC and NYSDOH, both as draft and final, shall be provided to Baker, ERM, and the tenants within 2 days of submittal.
11. AKRF and their subcontractors shall provide copies of current certificates of insurance naming Baker Properties, L.P., Baker Capital, L.P., and each of the tenants (Polymedco, Inc., Motion Laboratories, Inc., and The Brooks Organization, Inc.) as additional insureds prior to the start of site activities.
12. Access to the property and the performance of any work shall be in accordance with the Access Agreement dated August 30, 1996, notwithstanding the termination date of the agreement. A copy of this agreement is attached and made part of this agreement. Such access shall be in force for a period of 60 days from February 19, 2008.

Due to the potential impacts to tenant health and safety, Baker will require that ICS and AKRF respond in a timely manner to protect the health and safety of the building tenants based on the results of the sampling in accordance with regulatory requirements. Additionally, Baker requests that ICS provide a detailed schedule for the completion of the remedial program at the site. If AKRF cannot commit to these items, it is requested that AKRF forward this request to ICS for response.

Please feel free to call me at (914) 747-1550 x-344 if you should have any questions.

Very truly yours,

Donald Duthaler, Jr., P.E.

Re: Magna Metals Access Agreement

Dear Mr. Baker:

Enclosed herein please find a duplicate original of the Access Agreement duly signed and notarized by ISC Properties, Inc. As requested, copies of the prior draft you forwarded have been destroyed. I understand that our consultant Foster Wheeler has been in contact with your property manager to discuss the remedial investigation. As this project proceeds, do not hesitate to contact me should you have any questions.

Very truly yours,

Nicholas M. Ward-Willis

ACCESS AGREEMENT

This Access Agreement ("Agreement") is made and entered into this 30th day of August, 1996, by and between ISC Properties, Inc., a New York corporation ("ISC") and Baker Capital Limited Partnership, a Connecticut limited partnership ("Baker").

WHEREAS, Baker is the owner of premises located on Furnace Dock Road in the Town of Cortlandt, County of Westchester, State of New York, denoted on the Town of Cortlandt Tax Map as Tax Lot Section 012, Block 1, Lot 11, and more particularly described on Exhibit "A" attached hereto (the "Property");

WHEREAS, ISC is entering into an Order on Consent (the "Order") with the New York State Department of Environmental Conservation ("DEC") in case no. W3-0010-81-01 regarding site #3-60-003, which Order on Consent pertains to the Property;

WHEREAS, the Order requires that ISC perform a Remedial Investigation (the "Work") at the property in accordance with the Order;

WHEREAS, the Order requires that ISC use its best efforts to enter into an access agreement with Baker so that ISC may conduct the Remedial Investigation of the Property;

WHEREAS, to comply with the provisions of the Order, ISC requires access to the Property and accordingly, Baker has agreed to provide ISC access to the Property on the terms and conditions set forth herein;

WHEREFORE, as and for the mutual promises and representations contained herein, the parties agree as follows:

1. Grant of Access - This Agreement shall be effective from the date set forth above and subject to the rights of all parties with leasehold interests in the Property, Baker hereby grants to ISC, its subsidiaries, affiliates, employees, agents, representatives, contractors, and subcontractors (hereinafter collectively referred to as "ISC"), the non-exclusive right to enter on the Property and to conduct on such portions of the Property requiring remedial investigation, including all work and activities incidental to the remedial investigation, any and all activities necessary or reasonable, in ISC's or DEC's judgment, to perform the work required by the Order, including amendments and modifications to the Order.

2. Property Ownership - Baker represents and warrants that it is the fee title owner of the Property.

3. Use of Property - (a) ISC agrees to provide Baker with forty-eight (48) hours prior notice of the scheduled commencement of Work and entry onto the Property. ISC will also provide Baker with an approximate schedule of when Work will be conducted on the Property. Baker acknowledges that the work may involve the use of equipment which could cause, by its presence, inconvenience to Baker or other occupants of the Property. ISC and Baker shall cooperate to schedule and stage ISC's activities to minimize such interference and to the extent practicable all of ISC's activities shall be restricted to those portions of the Property not routinely

used by Baker's tenants and/or subtenants and their invitees. In no event shall ISC's work prevent Baker or other occupants from gaining access to the Property or limit their use of the buildings and loading areas currently existing on the Property. ISC covenants and agrees to restore any portions of the Property that ISC disturbs to the condition in which it was found prior to such disturbance.

(b) ISC or its contractors and subcontractors shall at all times that they are working on the Property carry public liability, property damage, and automobile liability insurance, and shall cause said policies to name Baker as an additional insured. In addition, ISC or its contractors and subcontractors shall carry worker's compensation and statutory disability benefits insurance (as required by law) for all employees working on the Property. Prior to entering the Property, ISC shall deliver to Baker a certificate of insurance showing that Baker is an additional insured.

(c) Baker agrees to cooperate with ISC in obtaining any permits or other approvals necessary to undertake the Work and which require action by Baker as owner of the Property, provided that Baker shall not have obligation to incur any out of pocket expense in so cooperating and Baker shall not incur any liability or responsibility by so cooperating.

4. Government Agencies - In addition to the rights granted to ISC herein, Baker agrees to provide access to the Property to DEC and its authorized representatives and agents pursuant to the

applicable provisions of the Order. It is expressly understood that DEC and its representatives or agents are not agents of ISC with respect to liability associated with site activities.

5. Termination - This Agreement shall terminate one (1) year from the date hereof, unless ISC shall inform Baker in writing prior thereto that it no longer requires access. ISC shall have the right to extend this Agreement for successive one (1) year periods by delivering to Baker on or before the then applicable termination date a written representation and certification stating that the Work pursuant to the Order is not complete, that ISC is diligently pursuing completion of the Work, and that ISC requires access to the Property to complete said Work.

6. No Admission of Liability - In agreeing to perform the work required by the Order, ISC neither admits nor shall be deemed to be liable to DEC or Baker for any environmental contamination which may be found on the Property. Further, ISC expressly reserves all of its rights, claims and actions to which it may be entitled against Baker and any third party in connection with any such contamination, or any other claim or damage. In granting ISC access to the Property, Baker does not admit any liability for any environmental condition which may be found on the Property. Further, Baker expressly reserves all of its rights, claims and actions to which it may be entitled against ISC and any third party in connection with any such contamination, or any other claim or damage.

9. Severability - If any provision of this Agreement or the application thereof to any person or circumstance shall to any extent be invalid or unenforceable, the remainder of this Agreement, or the application of such provision to persons or circumstances other than those to which it is invalid or unenforceable, shall not be effected thereby, and each provision of this Agreement shall be valid and enforced to the full extent permitted by law.

10. Governing Law - This Agreement shall be governed by and construed in accordance with the laws of the State of New York.

11. No Agency Relationship - This Agreement shall not be construed to create, either expressly or by implication, any agency or partnership relationship between ISC and Baker. Neither ISC nor Baker are authorized to act on behalf of the other in any manner relating to the subject matter of this Agreement.

12. Successors and Assigns - This Agreement shall bind and inure to the benefit of the assigns and successors of the parties hereto.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first written above.
